An Organizational Learning Approach to Process Innovations: The Extent and Scope of Diffusion and Adoption in Management Accounting Systems (Hardback)

By -

Emerald Group Publishing Limited, United Kingdom, 2012. Hardback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book. In times of economic turbulence, an organization s ability to learn from its environment and adopt innovations enhances its competitive advantage as well its ability to improve its performance. This book focuses specifically on the contribution learning and innovation in management accounting can contribute to the success of the organization. However, all management accounting innovations may not be successful. The success of an innovation is contingent upon whether the learning and implementation processes have been properly integrated. When they are not, an innovation that has been successful in one organization may fail in another. An integrative framework is developed for studying management accounting process innovations. The framework draws on theories from organizational sociology. It focuses on the impact of the innovation on the organization along two important dimensions. First, to what degree does the innovation alter the organization s management accounting system (labeled as extent)? Second, what portion of the organization is affected by the change (labeled as scope)? We classified these dimensions on a continuum ranging from high or low. This yields a 2x2 contingency framework. The book...

Reviews

The most effective ebook i possibly go through. I am quite late in start reading this one, but better then never. Its been designed in an extremely basic way and it is just after i finished reading this ebook by which basically transformed me, modify the way i believe.
-- Giovanny Rowe

Undoubtedly, this is actually the greatest job by any author. This can be for those who statte there was not a worthy of studying. I am delighted to inform you that this is actually the greatest publication i actually have read within my very own daily life and could be he greatest book for ever.
-- Perry Reinger
