paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 130 Publisher: China Power Pub. Date :2009-03-01 version 1. Book training program for general education test materials (Power Technology category). The book is divided into eight chapters. mainly including test requirements. test understanding. transformer experiments. DC motor experiment. experimental induction motor. synchronous motor experiment. motor drive control circuit of AC and DC speed control system experiments and experiments. Loose-leaf book with a lab report. Each book is a pilot project as possible subject-specific. clear and detailed steps for the students independently completed experiments. Book as a specialty electrical power technology vocational course experiment teaching books. but also as teaching. learning and doing the integration of teaching reference books. Contents: Preface Chapter experiment requires the basic requirements of Section II experimental test understanding of safe operating procedures Chapter experiment Section II comprehensive understanding of the experimental device for an initial understanding of the transformer and motor Experimental Section Chapter transformer three-phase transformer three-phase transformer no-load short-circuit test Section III three-phase transformer connected group of experimental determination of grade IV three-phase transformer load test V three-phase transformers in parallel experiments run experiments Chapter DC Experimental Section DC motor starter motor reversal experiments with DC motor speed control experiment II III IV DC motor DC motor brake work experiments Experimental Section V DC generator load characteristic experiment Section VI characteristics of DC generator and adjust the outer Experimental Experimental Section Chapter three-phase asynchronous motor asynchronous motor parameters and operating characteristics of experimental determination of three-phase asynchronous motor starting Section III experimental three-phase asynchronous motor three-phase asynchronous motor speed control experiment of reverse IV and V three-phase asynchronous motor brake conversion of experimental single-phase induction motor experimental test section of Chapter...
